

DYLAN ROSE

Graduate Game Designer

+44 7913564230 • dylros9@gmail.com • [LinkedIn](#) • [Portfolio](#) • Birmingham, UK

Summary

I am a disciplined, fast learning and committed game design graduate, desperate to apply my knowledge and passion to create high-quality experiences. I have experience leading large and small development teams and collaborating across disciplines within university however I am looking for a position that will help build upon these skills as well as my overall game design ability. Beyond game design I have a keen eye for and interest in media analysis alongside an intense and growing passion for cinematography and emotion-centric storytelling.

Skills

Unreal Engine 5 • Blueprint Scripting • C# • Unity • Level Design • Game Design • Project Management • Jira and Confluence • Organisation • Active Listening • Teamwork • Leadership • Problem Solving • Emotion-Based Psychology

GENERAL WORK EXPERIENCE

Birmingham City University Birmingham, United Kingdom
Lead Overall Designer and Level Designer (Don't Let Go) 03/2025 - 08/2025

- Led project development as vision holder, guiding the team to create a complete one-hour long experience
- Designed, white boxed, tested, and filled all levels with environment art/lighting
- Storyboarded and edited in-game cutscenes, enhancing narrative storytelling
- Designed both the 3rd person orbit camera and the scripted camera movements throughout the environment to enhance set pieces and player emotions
- Resolved team and design conflicts to ensure project cohesion and advancement
- Organized comprehensive design documentation, maintaining project clarity
- Delivered weekly progress presentations to stakeholders, keeping them informed and engaged

Birmingham City University Birmingham, UK
Lead Designer and Developer (The Me in The Mirror) 11/2024 - 01/2025

- Led a team of 4 designers, acting as the lead designer and producer
- Ideated, designed, white boxed and refined level 1 with environmental art
- Implemented and programmed all major game systems like player and environment interactions, scripted level sequences and scripted enemy behaviour
- Responsible for writing and organising game design documentation
- Responsible for performing a postmortem analysis of the project and presenting it to stakeholders
- Responsible for holding team meetings and increasing team coherency

Birmingham City University Birmingham, UK
Lead Overall Designer and Level Designer (Scrap Forge) 05/2024 - 08/2024

- Led a team of 22 designers and an overall team of 70 to develop 'Scrap Forge' which secured the team high grades
- Solved design based and team-based conflicts
- Organized all game design documentation and provided the team with a formatting structure to follow
- Communicated design ideas to the art and development cohorts
- Delivered weekly progress presentations to the team and stakeholders
- Ideated, designed, white boxed and conducted play testing of the "junkyard" and "factory" levels

dnata Birmingham, UK
General Assistant 07/2023 - 08/2023

- Responsible for organising and packaging PPE and equipment ready for transport onto an aircraft
- Worked collaboratively and rapidly with a small team
- Organized and documented the outbound PPE and equipment

Education

Birmingham City University
BA (Hons) Game Design - Grade Pending

Birmingham, UK
09/2023 - 08/2025

Solihull College & University Centre
BTEC Level 3 National Extended Diploma in Software and Games Development - D*D*D*

Solihull, United Kingdom
09/2021 - 06/2023

Key Achievements

Global Game Jam 2025 Award

My team of 5 won the "most creative usage of the theme" award for our game during Global Game Jam 2025

Scrap Forge Leadership

Taking on a leadership role during Scrap Forge was a major challenge however I was instrumental to the games success with it acting as an important achievement towards self-improvement and my game development experience

RELEVANT INTERESTS

Emotion-Based Psychology

I enjoy expanding my knowledge on emotion-based psychology, learning how and why people act the way they do to elevate my design skills, storytelling abilities and player empathy

Media Analysis and Breakdowns

In my spare time I actively and consistently break down the media I am engaging with. This ranges from books to movies and games. I frequently write in-depth reviews based on these breakdowns helping to improve my critical thinking and analysis skills

Cinematography

In my spare time, I love to analyse, research and practise cinematography helping to keep myself creative, solving problems and expanding my knowledge of camera systems via cinematography principles
